

R\_set\_response

```
graph LR; A[R_set_response] --> B[get_predict_trafo]; A --> C[get_test_trafo]; A --> D[R_get_response];
```

A diagram illustrating a branching structure. On the left, a black rectangular box contains the text "R\_set\_response" in white. Three blue arrows originate from the right side of this box and point to three separate white rectangular boxes on the right. The top box contains "get\_predict\_trafo", the middle box contains "get\_test\_trafo", and the bottom box contains "R\_get\_response".
