jd3_utilities	<i>Java Utility Functions</i>
---------------	-------------------------------

---

**Description**

Java Utility Functions

**Usage**

```
get_java_version()
```

```
current_java_version
```

```
minimal_java_version
```

**Format**

An object of class integer of length 1.

An object of class integer of length 1.

**Value**

`get_java_version()` returns the current java installed and usable version. It's an integer.

**Examples**

```
print(minimal_java_version)  
print(get_java_version())
```
